# Focusing on Public Benefits

- ❑ New objectives/measures will focus on three key areas of public benefit provided by DRPT programs:
  - Congestion Management Benefits
  - Economic Benefits
  - Social Benefits

# DRPT's Key Objectives and Performance Measures

| Old Objectives and Measures  | New Objectives and Measures                                     | Positive Impact of Changes  |
|--|---|---|
| Manage congestion- public transportation trips/person                                | Manage congestion- Vehicles removed from highways (trucks/cars) | New measure - more accurately quantifies DRPT's congestion management efforts   |
| Retain, Improve, Develop Railways- % Rail Enhancement projects on time and on budget | Deliver Economic Benefits- jobs created and maintained          | New measure - focuses on the economic benefits and results of DRPT's programs   |
| Facilitate Dulles Corridor Metrorail Project- timely execution of Phase 1            | Deliver Social Benefits- access to jobs and medical facilities  | Dulles project is being transitioned to MWAA. New objective and measure captures the societal benefits of DRPT's programs |
